

Student's profile

Name : S.AMUTHA

Age : 22

Address : 3/172D, Saradha mill road,
Sundarapuram,
Coimbatore-641 024.
Tamilnadu.

Mobile No : 98409 81899, 82208 95544

E-Mail : amuthamca01@gmail.com

Alternate E-Mail : amuthatni@gmail.com

Qualification : B.Sc. Computer Science, MCA

Visual tools : VB, DOT NET

Operating System : Windows 2000/XP/2007/Vista

Languages Known : C, C++, Java

Area of Interest : Programming, Networking, Animation

Project-UG : **"Network Traffic Analysis"**

In this project, to analyze the simulated network traffic todetermine throughput, delay, and packet send times. "Network Traffic analysis" is the process of intercepting andexamining messages order to deduce information from Patterns in communication.

Mini-Project : **"Telephone Directory"**

To develop a project that manages the telephone line numbers under a single platform for searching and viewingthe information of the any telephone subscribers that any customer want to know. A customer can demand any type of information such as telephone numbers, address, or name of the particular person specifying any one of the details mentioned above in the search.

Name : ANUSHA.S
Age : 22
Address : ShibinNivas, Chorode(PO)
Vatakara, Calicut(Dist)
Kerala - 673106
Mobile No : 08056512245/09645225910
E-Mail : anushamca@gmail.com
Alternate E-Mail : anushasbalan@gmail.com
Qualification : BSc.Computer Science, MCA
(Pursuing)
Visual tools : VB, DOT NET
Operating System : Windows 2000/XP/2007/Vista
Languages Known : C, C++, Java
Area of Interest : Programming, Networking, Software Engineering
Project-UG : **“Help Desk System”**

Mini-Project : **“Text Editor”**

Text editor mainly aims at developing an application that helps us in creating and editing text files. The application is more user-friendly and platform independent. The user can edit and manipulate the typed text to his satisfaction. Creating a new file, opening an existing file, saving a file and editing the typed text are the various function available in this application software. Editing the typed text includes cut, copy, and paste.

Name : B.BALAKUMARAN
Age : 22
Address : Balakumaran,
koothampoondi,
Kallimanthayam (Via),
Dindigul (Dt)- 624 616
Mobile No : +91-97513 88783
E-Mail : mcabala.8@gmail.com
Alternate E-Mail : balakmr783@gmail.com
Qualification : BSc.(CS), MCA(pursuing)
Visual tools : VB, DOT NET
Operating System : Windows 2000/XP/2007/Vista,
Languages Known : C, C++, Java,VC++
Area of Interest : Programming, Networking

Project-UG : **“ VOICE COMMAND-PC”**

” **Voice Command**” is speech recognition program that Translate your voiceTranslate your voice command into arbitrary keystrokes.This is thatextra quality in a command that demands Immediate response. It expressesconfidence and decisiveness. It indicatescomplete control of yourselfand the situation.

Mini Project : **“LIBRARY MANAGEMENT SYSTEM”**

The Library Management System is designed & developed in the library along with the student’s details. It received in the library are entered in Books entry form and the new student is entered in the studententry form.

Name : S.BOOBALAN
Age : 22
Address : 1/91, Vadapudur, Eallur(PO),
O.K.mandapum (via)
Coimbatore-641 032
Mobile No : 99942-36200
E-Mail : boopalmca.4@gmail.com
Alternate E-Mail : boobal4urs@gmail.com
Visual tools : VB, VC++, DOT NET
Operating System : Windows 2000/XP/2007/Vista
Languages Known : C, C++, Java
Qualification : BCA, MCA (pursuing)
Area of Interest : Programming, Designing, networking
Project-UG : **“Network - Remote pc control”**

This project contains all about how to make a chip to control your computer remotely with almost any remote controller you can find in your house. Including, not only winamp control, but full computer control. You can control all your computer programs, processes, sub-processes etc.

Mini-Project : **“Inventory Management System”**

The process of Inventory Management receives input from Systems Management Controls (SMC) disciplines and other functions within the I/S organization as well as other areas throughout the enterprise. These SMC disciplines and functions encompass both system and data network elements and feed the Configuration Management discipline.

Name : R.RAVICHANDIRAN
Age : 22
Address : 4/748.Sengunthar Street,
Kalasapakkam (post),
Polur (Tk),
Thiruvannamalai (Dt),
Pin code-606 751.
Mobile No : 9629058361
E-Mail : Ravichandiran22@gmail.com
Alternate E-Mail : ptrrkalasa@gmail.com
Qualification : BCA, MCA(pursuing)
Visual tools : VB, DOT NET
Operating System : Windows 2000/XP/2007/Vista
Languages Known : C, C++, Java
Area of Interest : Programming, Web Designing

Project-UG : **“ONLINE CROPPING SYSTEM”**

The project ONLINE CROPPING SYSTEM is for computerizing the Agriculture oriented details. The system take care of every area that contains what kind of soil, water resources, and area of cultivate, etc

Mini-Project : **“ONLINE RAILWAY RESERVATION SYSTEM”**

We propose to provide solutions for improving the Railway services by the application of efficient algorithms, to provide enhanced services, at both – the Railway Administrator’s end and the client interface.

Name : S.SURESH

Age : 23

Address : 49/3 SKR Nagar
Kavundampalayam
Coimbatore-641 030

Mobile No : 90034-54496/90800-09691

E-Mail : sureshbscctmca@gmail.com

Alternate E-Mail : vsuresh.ss@gmail.com

Qualification : BSc.CT, MCA (Pursuing)

Visual tools : VB, DOT NET

Operating System : Windows 2000/XP/2007/Vista

Languages Known : C, C++, Java

Area of Interest : Programming, Networking, Animation

Project-UG : **“HUMAN CENTERED DESIGN OF PERSUASIVE APPOINTMENT REMINDERS”**

Mini-Project : **“AUTOMATING THE BANKING PROCESS”**

In this project described, the use of human-centered design principles to engineer persuasive appointment reminder messages to encourage patients to attend their appointments. The persuasive appointment reminders developed using the approach will be evaluated in randomized controlled trail to test their effectiveness in reducing appointment nonattendance.

This project aimed at easing the tedious manual task of banking activities, allows the user (customer) to perform a number of operations. Initially the customer can create an account for which there's a database which maintains all the records of the accounts. An administrator maintains this database.

Name : P.VINOTH
Age : 23
Address : No.30, Mini Panchayat
Shopping complex,
Munnar- 685 612.
Mobile No : +91-96006 55561/
+91-87602 54004
E-Mail : iamvinomca@gmail.com
Alternate E-Mail : vinodhmnr07@gmail.com
Qualification : BCA, MCA (pursuing)
Visual tools : VB, DOT NET
Operating System : Windows 2000/XP/2007/Vista/Windows
Languages Known : C, C++, Java, VC++
Area of Interest : Programming, Networking, Web Designing
Project-UG : **“Hospital Management System”**

Mini Project : **“Payroll Processing Application”**
The most important modules of the design are the employee data, payroll records and rates. For the employee data module, we had to keep track of the identification number, name, pension plan, and payroll of an employee. There had to be mean of storing all these data, retrieving them, adding data and deleting data.

Batch profile
